

# TENANT ADVISORY

## Coronavirus

Coronavirus has been reported in China and more than a dozen other countries including the United States and Canada.

Two presumptive cases of the coronavirus have been reported in Canada to date, both which are in Toronto, Ontario.

QuadReal Property Group is monitoring the situation carefully and are currently operating at a level of heightened awareness. We are taking immediate proactive steps by:

- Additional cleaning to sanitize public 'touch point' areas of the property
- Initiated the placement of hand sanitizing units in key common areas of the property

### WHAT CAN YOU DO TO REDUCE EXPOSURE?

- Frequently clean hands by using alcohol-based hand rub or soap and water
- When coughing and sneezing cover mouth and nose with flexed elbow or tissue – throw tissue away immediately and wash hands
- Avoid close contact with anyone who has fever and cough
- If you have fever, cough and difficulty breathing seek medical care early and share previous travel history with your health care provider

For more information on coronavirus, please visit:
